DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claim 27 recites "the system of claim 1". However, claim 1 is an apparatus claim. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 28 is rejected under 35 U.S.C. 102(b) as being anticipated by Aronson et al. U.S. Pat. No. 6,128,673.

Art Unit: 2182

3. As to claim 28, Aronson et al. teach system to facilitate use of a small form factor device that is removably attached to a connector (inherent), comprising:

means for detecting a type of small form factor device attached to the connector (inherent since connection is via connectors; col. 3, lines 9-42);

means for converting between a standard bus protocol and a protocol employed by the small form factor device (i.e. first mode; col. 10, lines 4-63; col. 2, line 58- col. 3, line 42);

means for passing substantially unchanged the protocol of the small form factor device (i.e. second protocol; col. 10, lines 44-63; col. 2, line 58 – col. 3, line 42);

means for selecting a path through one of the means for converting and the means for passing in response to attaching the small form factor device at the connector (inherent since two modes of operation; col. 10, lines 44-63; col. 2, line 58 – col. 3, line 42); and

means for connecting the connector with a bus through the selected path (col. 3, lines 9-42; fig. 2).

Allowable Subject Matter

4. Claims 1, 4-17, 19-26, 29 and 32-37 are allowed.

5. Claim 27 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 2182

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
